Kramer Levin Workshop Investment in crypto : fund or platform ?

Paris Blockchain Week Summit is the first international event in France gathering the best experts of the blockchain community.

On this occasion, **Kramer Levin** is pleased to invite you to a Workshop around the theme "**Investment in crypto: fund or platform ?**".

Led by **Hubert de Vauplane and Victor Charpiat**, specific topics will be discussed :

- How is the liquidity of crypto assets / crypto currencies today ?
- How can we analyse the recent reports concerning false volumes ?
- What are the most important characteristics for a regulated platform ?
Transparency ? Segregation of assets ? Separation of function (exchange / custodian) ?
- How can we see evolution of the market for crypto platforms ?
- What are expectations from Asset Managers for crypto funds ?
